Presiding Judge

Judges

The Court orders that the motion to remand is DENIED for failure to persuade the Court of the necessity of a remand at this time. Plaintiff-appellee/cross-appellant has failed to show that there is an issue "that must be initially decided by the trial court, or . . . that development of a factual record is required for appellate consideration of the issue." MCR 7.211(C)(1)(a).

The Court further orders that the motion for leave to file a reply to defendant-appellant/cross-appellee's answer to the motion to remand is DENIED.
